PROJECT DESIGN PHASE PART -2

REQUIREMENT ANALYSIS

TEAM ID	NM2023TMID02721
PROJECT TITLE	To create a Reel Design using Canva
DATE	03-11-2023

REQUIREMENTS:

1. Get started with our customizable reel templates and polish your clips with our intuitive video editor. Use our beginner-friendly tools and graphic elements from our free media library to take your reel to the next level. Effortlessly make changes by dragging and dropping pictures, vectors, and music tracks to your reel**.**

2. Instagram has tools and features for users to create stunning reels, but if you're looking to stand out, head over to Canva's free Instagram Reels creator.

3. It's challenging to keep track of all the content you publish for yourself, your clients, or your brand. But with our Instagram reel maker, you can bet that, even in a rush, you can still produce multiple high-quality reels.
